

FACT SHEET

TURN ON THE WATER! CAMPAIGN FACT SHEET

CAUSEWAY BOULEVARD

ROADWAY IMPROVEMENT AND PUBLIC INFRASTRUCTURE

- Public water services in Palm River are critical to the community's growth & development.
- Installing water lines throughout the entire neighborhood will cost lots of money and can't all be done now, and at once.
- In 2006, the Department of Transportation (DOT) will begin construction of Causeway Boulevard Road Improvement Project. Estimated Construction Start Time: Spring, 2006
- Turning on the water in Palm River beginning with Causeway Blvd. will make the community Safer, Healthier and will allow for greater Economic growth.

GOAL: The goal is for local officials (Hillsborough County, City of Tampa, Florida Department of Transportation) work together to find a solution so that water lines can be installed along Causeway Boulevard during the Causeway Blvd. Roadway Improvement Project.
